

# Special Offer for MAAC Members

## EAA AirVenture – Oshkosh

Dear Fellow MAAC Member,

Visiting EAA AirVenture at Oshkosh is something every aviation buff should do.....at least once. I have had the good fortune to visit a few times, but not for a while. We would like to go again, and we would like to take you with us. Interested?? Read on.

The airshow happens every year around the end of July. What we am working on would be a charter trip to Oshkosh for **JULY 2018**. Here's a rough plan.

Our flight would originate in **Vancouver** with pick-up stops at **Kelowna & Calgary** (possibly **Edmonton** as well) . It would be a 5-Day – 4-nite affair from Wednesday to Sunday July 25 – 29.

**THE PACKAGE WOULD INCLUDE:** Airfare, 4 nites accommodation and ground transportation (we would charter buses to take us from our hotel to Wittman Airport each morning, and take us back in the evening).

### **NOT INCLUDED in the package**

- **AIRSHOW TICKETS** (a weekly pass allows you access to ALL EXHIBITS, ALL LECTURES, ALL EVENING EVENTS at Theatre In the Woods and ALL AIRSHOW EVENTS INCLUDING THE WEDNESDAY AND SATURDAY NIGHT AIRSHOWS. Cost is approx. \$US 125)
- **MEALS, entertainment etc.**

**A VERY PRELIMINARY ESTIMATED PACKAGE PRICE OF \$CAD 950** per person is based on double occupancy for each room (i.e. 2 fellows or a couple)

### **SO WHAT HAPPENS NEXT??**

As you might imagine, there is no point pursuing the project if there is insufficient interest. Soooo, what we are asking you to do is email me or phone me indicating that you may be interested and would like to be on our prospect list. Based on response, we will do some more work on the project. Putting your name on the prospect list now does in no way obligate you to participate. About this time in 2018 will be when you will need to make a commitment. We will keep everyone posted as progress is made.

### **SO HOW ABOUT IT? WOULD YOU MAYBE LIKE TO COME?**
